TRAVEL DAY CHECKLIST

INDOOR

DAY BEFORE

- ☐ Fill up on gas
- ☐ Double check any reservation instructions
- ☐ Check next stop for laundry and groceries
- ☐ Do laundry and go grocery shopping*
If unavailable at next stop
- ☐ Check weather in next location
- ☐ Take the trash out

DAY OF: BATHROOM

- ☐ Pack away shower items
- ☐ Tension bar bathroom mirror/cabinet
- ☐ Clear counters in bathroom of loose items
- ☐ Secure any other loose items in bathroom
- ☐ Make sure there's no standing water in shower

DAY OF: KITCHEN

- ☐ Wash all dishes and put away
- ☐ Secure cupboards with string or locking device
- ☐ Store fruit baskets/cooking utensils from counter
- ☐ Arrange fridge so nothing falls out after travel day
- ☐ Put away any table top items (e.g. olive oil & salt)
- ☐ Put scrubbers & dish washing supplies in sink
- ☐ Put water filter away (if you have one)

DAY OF: LIVING ROOM AREA

- ☐ Secure roller chairs (if you have them)
- ☐ Put away computer/electronics
- ☐ Pack plants that aren't secured
- ☐ Make sure slides are clear behind both sides
- ☐ Put away heaters and fans

DAY OF: BEDROOM

- ☐ Secure or pack away items on nightstands
- ☐ Make bed (so you can set loose items on bed)

DAY OF: FINISHING TOUCHES

- ☐ Disconnect any cords needed
- ☐ Stow & unplug Starlink (if applicable)
- ☐ Put Starlink router on the bed
- ☐ Bring in slide(s)
- ☐ Add water in toilet to pee one last time
- ☐ Roll in awning
- ☐ Secure any other shelves/cubby items

OUTDOOR

EMPTY BLACK/GRAY TANKS

Do this the morning you leave or the night before

- ☐ Close grey, empty black
Closing grey prevents black tank contents from getting in grey
- ☐ Flush black tank
Attach black tank rinse hose to bottom outlet in back of rig
- ☐ Close black handle; let water fill tank for 15 seconds
Gives base of water to put toilet chemicals back in
- ☐ Remove black tank rinse hose from Saniflush
- ☐ Attach sewer hose flusher; rinse sewer hose
- ☐ Unhook sewer hose from donut in ground
Make sure to fully empty the water out of the sewer hose
- ☐ Put sewer hose in bumper to store
- ☐ Put sewer hose flusher back in sewer bin
- ☐ Turn off black rinse hose
Use excess water to rinse clear attachment on sewer outlet
- ☐ Put all sewer supplies back in underpass

OUTDOOR CONT.

FILL FRESH WATER

- ☐ Turn the water off at the spigot
- ☐ Unhook the hose and filter from back of the rig
- ☐ Put the hose with filter attached in the fresh tank
- ☐ Turn the water back on
- ☐ Fill tank up to 1/3 full using sensor inside

PUT FRESH WATER HOSE AWAY

- ☐ Turn off water at the spigot
- ☐ Remove hose from rig
- ☐ Remove filter from hose
- ☐ Dump filter out until no more water is left
- ☐ Put filter away/store
- ☐ Remove hose from spigot
- ☐ Put hose in fresh tank hose bag
- ☐ Put back in the underpass

PUT AWAY ANY OUTDOOR ITEMS

- ☐ Pack tables & chairs in the back of the truck
- ☐ Pack any outside decor
- ☐ Pack fire pit in the back of the truck
- ☐ Pack anything not permanently adhered to rig
e.g. security camera and bird feeder

SECURE OUTDOOR KITCHEN

- ☐ Secure outdoor fridge
- ☐ Secure any pantry items

PACK STARLINK

- ☐ Remove auxillary cord from the slide (outside)
- ☐ Neatly wrap auxiliary cord
- ☐ Buckle starlink in backseat

UNHOOK ELECTRIC

Do this last on hot days so the outside fridge can stay cool longer

- ☐ Turn off power before disconnecting electric
- ☐ Remove surge protector from pedestal
- ☐ Unscrew electric cord from rig
- ☐ Neatly wrap the cord and put it in the underpass

HOOKING UP

PREPARE TO HOOK UP

- ☐ Check top of slides for debris; remove with broom
- ☐ Bring slides in
- ☐ Bring the stabilizers up
- ☐ Put the stabilizers blocks away
- ☐ Check tire pressure on the truck and rig
- ☐ Fill tires to recommended PSI (if necessary)

HOOK UP

- ☐ Back the truck up to your hitch
You may have to raise the tongue of the trailer
- ☐ Spray the hitch with grease
- ☐ Lower trailer tongue onto the hitch; secure with pin
- ☐ Raise tongue jack back up to connect stabilizer bars
- ☐ Spray each stabilizer bar with grease and attach
- ☐ Secure stabilizer bars with pins
- ☐ Attach sway bar, secure with pins, and tighten
- ☐ Attach chains in an X underneath
- ☐ Connect power cord to truck
- ☐ Attach red emergency kill switch cord
- ☐ Fully retract tongue jack
- ☐ Remove jack stand block; put in the underpass
- ☐ Remove X chocks; put in underpass
- ☐ Remove all other chocks; put in underpass

PREPARE FOR DEPARTURE

- ☐ Put truck in tow mode
- ☐ Run lights test on truck (with trailering app)
- ☐ Enter your destination in the RV GPS
- ☐ Make sure all packed snacks are in the truck
- ☐ Do one final walk around
Make sure everything is tucked away and locked, no caps open, and that you're not leaving anything behind!
